1a. Academic Opportunity

Did you know?

Learning abroad fosters **creative thinking** and **applied, life-long knowledge**

- **Flywire**, an international money transfer service, was founded by a Spanish learning abroad graduate who experienced difficulty with exchanging money for tuition and fees while on program in the U.S. Founded through the challenges faced during learning abroad, Flywire is now a popular, successful company

1b. Professional Experience

Enhance your degree and employability

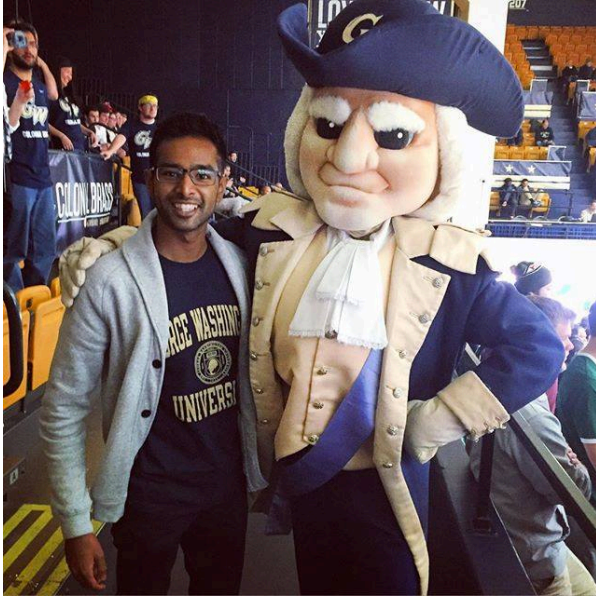

In a global study of employers, **62 per cent** of respondents indicated that they seek or attribute value to an international study experience when recruiting (Molony, Sowter & Potts, 2011)

Strong communication and adaptation skills

Another Australian survey found that “**85 per cent** of respondents indicated that **learning abroad** had a positive impact on developing skills to support their professional role.” (International Education Association of Australia, 2016)

1c. Personal Growth

Broaden your perspectives: *Culturally, academically, personally*

In a study by the International Education Association of Australia, **97 per cent** of respondents found that learning abroad increased their **self confidence**

95 per cent also noted that learning abroad gave them the **capacity to adapt and learn quickly** as well as an improvement in **communication skills**
