

Student Exchange Information Session

Exchange in Semester 1, 2019

Presented by: Kristina Tan, ANU Global Programs

15 March and 17 April 2018

Why go on exchange?

- Learn about another culture
- Become more independent and confident
- Opportunity to travel
- Meet new people
- Gain international experience
- Career development

Where can I go?

There are over 170+ partners in 39 countries!

Austria | Belgium | Brazil | Brunei | Canada | Chile |
China | Colombia | Czech Republic | Denmark | Finland |
France | French Polynesia | Germany | Hong Kong |
Hungary | India | Indonesia | Ireland | Italy | Japan |
Mexico | Myanmar | Netherlands | New Caledonia | New
Zealand | Norway | Peru | Portugal | Singapore | South
Korea | Spain | Sweden | Switzerland | Taiwan | Thailand
| Turkey | United Kingdom | United States

How does exchange work?

- Exchange is for one semester only.
- Year in Asia is for one year.
- Remain enrolled at ANU.
- Continue to accumulate your normal tuition fees at ANU.
- Your degree(s) has room for exchange studies.
- Must maintain a full-time study load (equivalent to 24 units).
- Courses studied overseas must be credit-bearing (you must seek approval from your academic college that courses chosen count towards your ANU degree).

Am I Eligible?

Requirements at time of going on exchange:

- Will have completed 48 units (1 year of full-time study) before exchange starts.
- Achieved minimum GPA of 4 on a 7 scale* (pass average) – it includes all courses taken in your undergraduate degree.
- Law students doing law subjects for exchange - Minimum GPA of 5 in all law courses.
- Obtain approval from academic college(s) with signed College Endorsement Form for your exchange semester.

* The GPA requirements can vary from partner to partner. For restricted partners (ie. very popular partners frequently chosen by students – exchange spots are limited), at the time of application and going on exchange, the applicant needs a minimum GPA of 6 to apply.

Requirements for Law students

- GPA of 5 and above in all your Law courses.
- Law students need to have completed at least 6 Law courses (36 units) at the time of application.
- All law student must consult the College of Law on eligibility, as there are implications to the research component to your law degree.
- Book an appointment to see the Law college.

How do I calculate my GPA?

- The GPA can be found on your academic transcript.
- You can also find the GPA calculator we use on the ANU Global Programs system.
- ANU Global Programs uses the official ANU GPA calculation method to calculate your GPA after you have taken your exams in May 2018. That is the official and final GPA used for allocating exchange spots available to applicants.
- All grades you have in your current degree count towards your GPA (WDs are excluded).
- Applicants are GPA ranked. Available exchange spots are allocated accordingly. Starting with the student with the highest GPA down to the lowest GPA.
- Only one exchange partner (one spot) is provided to each applicant.

You can go on exchange anytime,
starting in your second year onwards!

General suitability

What are we looking for?

A good candidate will demonstrate:

- Eligible GPA
- Will make exchange work with any partner
- Polite and respectful behaviour towards staff and other students
- Ability to follow application instructions
- Ability to follow rules and laws of another country
- Good organisational skills
- Flexibility
- Independence
- Adaptability
- Emotional resilience
- Determination
- Commitment
- A sense of “community spirit”

Applicant's considerations

- Would you like to live in a big city or a small town?
- Do you need to be in an English-speaking country?
- Does the university offer courses you would find interesting?
- Does the university offer courses available in the subjects you wish to study and offered in the correct term or semester for your chosen exchange period?
- What is the cost of living? Does it fit your budget?
- What is the weather and climate like?
- What are some of the cultural values of the country?
- What experience do you want from exchange?
- What activities and sports are popular?
- Is it important to be closer to Australia?

Academic considerations

Room (electives) within your degree

- Students need to have 24 ANU units available and approved for exchange.
- **A college endorsement form** must be signed by the academic college(s) advisers.
- Utilise elective courses wherever possible, because this allows for more flexibility!
- Double degree studies are not always possible at partners, so be flexible and ask both your ANU academic colleges how much room you actually have.
- Flexible Double Degree students must get both College signatures if they intend to study courses to count towards both degrees on exchange.
- Students may run into the following problems during exchange:
 - Restricted courses
 - Cancellation of courses
 - Timetable conflicts
 - Course content not what it seems

If you are doing electives and an unforeseen problem arises, it will be easier to manage any changes to courses with your academic colleges.

No enough electives within your degree

- ALL students need to obtain approval from their academic colleges, if they are applying for exchange.
- **A college endorsement form** must be signed by the academic college's advisers. Some students may be permitted to use non-electives (majors / minors) by their academic colleges but you **MUST** go and see them to discuss your options. It is the Colleges' decision as to whether you have any room in your degree for approved exchange studies.
- If you do not have enough electives remaining in your degree structure or are not absolutely certain that courses completed overseas will count towards your major(s) or minor(s), always check with your academic college what is possible.
- *Please seek advice from your College(s) whether you have approval and any room in your degree for exchange studies.*

What courses should I take on exchange?

- Students need to look at the courses/disciplines available for exchange (any restrictions), as well as whether it is offered during the correct semester.
- All students must look at course outlines you are interested in. Please check the partner's course catalogue for course details.
- It may be helpful to take course outlines with you, when you see your college for approval.

Exchange Program - ETH Zürich, Switzerland

Zurich, Switzerland (Exchange Program) (Outgoing Program)

Program Terms: Semester 1, Semester 2 This program is currently not accepting applications. [Print](#)

Language: English	Program type: Exchange
Minimum GPA req.: 6	Faculties/Colleges: General
Year level availability: Third year (after 96 units)	Program category: Restricted

Program Description:

Exchanges can be uni-wide or some are college specific. So not all partners offer the courses you require and exchange may not be offered at some schools. Please look at what is available, as well as any restrictions the partner has listed on their websites.

About ETH Zentrum Zurich

Founded in 1855, ETH Zurich today has more than 18,000 students from over 110 countries, including 3,900 doctoral students. To researchers, it offers an inspiring working environment, to students, a comprehensive education.

Twenty-one Nobel Laureates have studied, taught or conducted research at ETH Zurich, underlining the excellent reputation of the university.

Look at the partner's own course catalogue for what courses are offered.

Courses and areas of study

Please find the online course catalogue here.

Credit Equivalencies

Standard is 30 ECTS = 24 ANU units. For CECS and Colleges of Science students 24 ECTS = 24 ANU units.

Each partner has its own credit equivalency for what is a full semester load equivalent to ANU 24 units.

Additional partner considerations

- **Year-level restrictions of partner** - Some partners only offer courses to exchange students that are taught at a later year. This means students need be in their second year 2nd semester or third year of studies during exchange.
- **Home nationality** - Some partners may not accept international students (from their home country) for exchange eg. some partners in Korea and China. Please refer to partners' websites and their restrictions.
- **Limited spots per partner** - Students need to be flexible. Students may receive any of their preferences listed, the partner allocated to you may not necessarily be your first choice.
- **Exchange is competitive** - Students with a higher GPA are more likely to receive one of their top preferences listed in their application.
- **Applications for 'Restricted' partners** – GPA 6 required and students will need to provide a 'statement of purpose'.
- **College specific** - Students must meet any additional requirements of their ANU academic college(s).

Restricted partners – GPA 6

Every partners only offers a fixed number of exchange spots each semester.

We have @176 exchange partners with some listed as restricted partners.

Restricted partners mean they are in high demand. They are frequency listed by many applicants in their preferences. Students listing very popular partners should be aware that the few spots available, can only go to the students with the highest GPA first until all the spots are used. So you should have a minimum GPA 6 to be considered for one of the available spots.

- Canada – McGill University
- Canada - University of British Columbia and University of Toronto (for both partners - exchange only available in Sem 2, not Sem 1)
- China - Peking University
- Denmark - University of Copenhagen
- France - Sciences Po
- Hong Kong - University of Hong Kong
- Ireland - Trinity College Dublin
- Japan - The University of Tokyo
- Singapore - National University of Singapore and the NUS Business School
- Sweden - Lund University

Once you have completed the five university applications, you need to rank them in preference order (which should be the same order as the last slide and hopefully the order you applied in).

This can be done before or after you have submitted your applications.

Application Tips

- Research your universities, that's the first step!
- Get your College Endorsement Form signed is the second step!
- Language Approval Form signed too (if required)
- Online application is the third step!
- **Only start your application after you have done your homework.**
- Know what universities you want and in what order, BEFORE you start the application!
- Have your College Endorsement forms ready to upload.
- Make sure you have the option that saves your responses. They will be the same (almost) every time.
- Write down the universities you're applying to in order of preference – please stick to the order when applying.

Responses for "Step 2a: Statement of Purpose"

1. Statement of Purpose

In 400 words, tell us an idea of an innovative way you would promote ANU and Canberra at this host university. How would you convince prospective exchange students there to come back to ANU to study?

- With restricted partners, you can copy and paste your Statement of Purpose – you do not have to think of 5 ‘innovative idea(s) of how to promote Canberra’
- Your date of birth is ddmmyyyy – input numbers only, no special characters.

Apply before the deadline

- Complete ANU Global Programs online application by **31 May 2018 11.55pm** (AEST)

Application link: <https://anu-au-sa.terradotta.com>

- Late applications cannot be accepted
- Upload all documents by the deadline
- List five (5) partner universities in order of preference (1=first preference)

You must be happy to go to ANY of the 5 partners you have listed.

GPA's and exchange spots

- Some applicants, with lower GPAs (usually the lower 4 or where students list all the popular partners), might not receive any of the 5 partners listed. With no spots left from any of their partners listed, we will contact the applicant and discuss the available remaining spots with other partners. We will work with the applicant, based on their study discipline, to see whether it is still possible to go on exchange.
- Applicants with mid to lower GPAs (ie. 5.3 and below), many of the exchange spots have been allocated. Many popular partners may no longer be available, as applicants with stronger GPAs have been awarded all the spots for that partner. Applicants should be realistic and be prepared to receive a spot within any of their 5 partners listed. This may even be your 4th or 5th choice. It is always a great opportunity to get an exchange allocation, within the list you have provided.
- Applicants with higher GPAs (usually 6.5+), the more likely the applicant would receive their higher listed partner ie. in most cases, it may be their 1st or 2nd choice, dependant on spots available with the partner and the student's study discipline.
- Be flexible in the partner selections. There are over 170+ partners to choose from!

A globe of the Earth is the central focus, showing continents in various colors (green, brown, red) and oceans in blue. To the left of the globe, a simple brown paper airplane is shown in flight, pointing towards the globe. The background is a blurred world map with various colors representing different continents. The text "Thank you!" is overlaid in white on the right side of the globe.

Thank you!
