

Study Abroad and Exchange Partner Information for Course Restrictions and Additional Requirements

Last updated: March 2017

General Entry Requirements and Information

For all questions and any clarifications required on the following information, please contact Victoria International at victoria-international@vuw.ac.nz

ENGLISH ENTRY REQUIREMENTS

Study Abroad and Exchange students are required to meet the minimum English requirements for undergraduate programmes at Victoria if they wish to take undergraduate courses.

If a student wishes to take postgraduate courses, postgraduate programme English requirements will apply.

ACADEMIC ENTRY REQUIREMENTS

Student Abroad and Exchange students are required to have a minimum cumulative GPA of 2.7, or the equivalent, before we will accept them at Victoria University of Wellington.

Please check the country specific requirements here to see your country's equivalent grade www.victoria.ac.nz/international/study/abroad/entry-requirements If your country is not listed please contact Victoria International.

If a student has not achieved a minimum CGPA of 2.7 or higher, but are very near the requirement, we encourage them to apply. However, they should be aware that if they are offered a place, it will likely be conditional upon achieving the required minimum CGPA of 2.7.

If students are applying with a lower CGPA than 2.7, please request them to provide both an academic reference letter and a statement of intent stating the reason they should be considered for admission though they did not meet the requirement. We will reassess their application if these documents are received.

If a student wishes to take postgraduate courses while at Victoria, they will need to have completed a New Zealand-equivalent Bachelor degree from a recognised institution. They will be required to submit their final academic transcript and degree certificate, as well as their current transcript in order to take postgraduate courses.

GRADING SYSTEM

For information regarding the grading system at Victoria please see www.victoria.ac.nz/grades

Please note that some courses are graded as pass or fail only. See the specific course notes below.

Students often request Victoria to assess how much credit can be granted toward their home university degree once they have completed their study at Victoria. This is the decision of the home university, and students must check with their home university *before* selecting courses to ensure their courses will be transferred back to their degree.

COURSE CODES AND TITLES AT VICTORIA

Courses at Victoria are coded according to the level of study they are taught for. For an overview of courses, and to search by levels of study please see www.victoria.ac.nz/study/programmes-courses/courses

Undergraduate courses (except Law and Engineering) are marked by codes (3 digit numbers) beginning with 1XX, 2XX, or 3XX.

Postgraduate courses (except Law and Engineering) are marked by codes beginning with 4XX or higher.

Law and Engineering undergraduate courses are marked by codes beginning with 1XX, 2XX, 3XX, and 4XX. Postgraduate courses are marked by codes beginning with 5XX or higher.

Note: *There are no postgraduate (LLM) exchanges accepted in the Faculty of Law.*
